

THREE DAYS OF DARKNESS

Over 70 Saints and seers of great sanctity and veracity have foretold this divine punishment which is often called "the Three Days of Darkness." According to their predictions, this punishment will come suddenly, be universal, and wipe out three quarters of mankind. Here is a summary compiled from those prophecies.

Christ: *"How unconcerned men are concerning these things that shall come upon them, contrary to all expectations. How indifferent they are in preparing themselves for these unheard of events through which they will soon have to pass. Prayers, prayers, and again prayers, I desire of you. When the Angel of Death with its avenging sword of justice shall begin to mow down, and Hell in uproar and rage shall cast itself to destroy you with their frightening terrors, then it is your faith and confidence in Me must be firm as a rock. I will protect you. I will give you a warning which will indicate the beginning of My threatening judgment."*

"One cold winter night, this catastrophe shall come upon the Earth like a flash of lightning - at which moment the light of the morning sun shall be replaced by black darkness. Provide yourself with sufficient food and water ahead of time. No one shall leave the house or look out of the window. My elect shall not see my wrath. The wicked shall behold My Divine Heart. There shall be great confusion because of this outer darkness in which the entire world shall be enveloped, and many, many shall die from fear and despair. During it, electric lights will not burn. Hence the faithful should light a blessed candle and pray the Rosary for protection. Those who shall fight for My cause shall receive grace from My Divine Heart. Many, however, shall burn in the open fields like grass. The godless shall be annihilated so the just shall be able to start afresh. My love for men is very great, especially for those who give themselves entirely to Me. Pray and make reparation to Me. Admonish others to do the same, because they have not heeded My graces. Persevere so that your adversary, the devil, will have no dominion over you. Tell them to be prepared at all times, for My Judgment shall come upon them suddenly, and when least expected, and no one shall escape My hands. I shall find them all. I shall protect the just."

"Wickedness has reached its climax and the punishment can no longer be delayed. Tell all men that the time has come in which the thing shall be fulfilled. Pray, make reparation, be fervent, and practice mortification. The salvation of Souls are at stake. I or your adversary, the devil, is being followed. As the world is sleeping in

false security, the Divine Judgment will strike like a thunderbolt. The godless and wicked people shall be destroyed without mercy. Make acts of love which are so pleasing to Me.

Our Lady of Fatima (before performing the Miracle of the Sun) said, "*Wars are a punishment from God for sin.*" She did not mean God starts wars - only that He permits them. This means if the majority of people had God and His Commandments as the center of their lives - instead of mostly lip service for one hour a week on Sunday, then He would prevent them. She said that if people did not turn back to God after this war ended, (World War I) there would be a second and greater war. World War II would never have taken place if Our Lady of Fatima's warning about it had been heeded. There still hasn't been a return to please God as the priority of people's lives. In fact, it is even less today. So the Three Days of Darkness IS coming. The only question is whether it is a direct punishment God as the fire from Heaven that destroyed Sodom and Gomorrah - or the fire from above from a nuclear war.

Now it would be more than naïve to believe that the United States will be spared. Alex de Tocqueville toured the U.S. in the middle of the 19th century and said, "America is great because America is good. If America ceases to be good, America will cease to be great." Has America ceased to be good? Let's look at the evidence.

Not only is prayer banned in public schools, but even bowing your head in silence because you might be praying. Aspirin can't be given out in schools, but birth control pills can. (Without the approval or even the knowledge of parents.) Our Lady of Fatima also said that, "*More souls go to Hell because of sins of the flesh than any other reason.*" Pornography is allowed to flow on the Internet and into the home. The perversion of homosexuality is accepted as an "alternate lifestyle." 95% of the sex insinuated (or shown) is movies and TV shows is between couples who are unmarried. And the actual amount of fornication and adultery follows suit. (Advertising works.) And, of course, sex education in the schools contributes greatly to our sex-obsessed society. And it is almost rare to find any couple not practicing contraception. Then there is little working at marriage when no-fault divorce makes it so easy and convenient. Who cares about children with the focus is finding a new sex partner? The legal system gives more rights to criminals than to rape victims. And the government sponsors fornication by paying women to have children out of wedlock. Filthy language abounds - and for all ages. (Movies and video games.) Hold any kind of high standard in any area, and

that is considered to be some kind of "censorship."

"Remember to keep holy the Lord's Day" has been replaced by simply being another shopping day. Materialism, even greed, has seemingly become the "national pastime. The "In God We Trust" on our coins should be truthfully changed to "In God We Ignore. Every nature program on TV includes the word "evolution," even if not actually pushing it. Christmas has been replaced by Xmas. History shows on TV no longer talk about time as B.C. - which means "Before Christ." Now it is B.C.E., which is "Before the Common Era." Anything to get rid of Christ. We had a President who publicly said the U.S. was no longer a Christian country, and he must have been right, because there was little outcry in disagreement.. More people in this country spend more time thinking about how to make more money, rather than the salvation of their own Immortal Soul.

And then there's the one thing that would cause a punishment more than anything else - abortion. Since it became legal in 1973, there have been over 60 million pre-born babies murdered in the womb. (They are innocent. It's murder.) The Declaration of Independence is supposed to guarantee "Life, Liberty, and the Pursuit of Happiness." Not any more - forget the first one.

A baby with a beating heart and brain waves and that can feel pain, and be killed at any time up to, and including right before birth - because it is not a "person." Forget the semantics - he/she is still a human being. No woman has ever said, "I'm pregnant and I hope it ends up being a human being and not a fish, a bird, or an armadillo."

Deuteronomy 28:58-62 and Leviticus 26:14-18 warns about God threatening the most dire punishments upon the people if they would not observe His laws. Yes, a Punishment IS coming, and it'll be the worst since the Flood.
